consider material exempt from public disclosure such as a written legal opinion.

Updates:

F. ADMINISTRATIVE REPORTS

Chief Osterholzer stated the Mayor Zelenko is traveling back to Michigan as we speak so I will be representing the administration tonight.

He went over the agenda items. Assessor William Fowler is here if you have any questions on item # 2. Bob Slattery is here if you have questions for item # 3. On the demo contracts and the reason the funding may come from two different GL numbers is that if we receive any blight grant awards for certain property, we track that through the blight elimination GL.

Things to be aware of:

The state legislature has laid a new medical marijuana law on the Governor's desk and Governor Snyder is expected to sign it. Among other things, the law allows for 5 types of facilities instead of the 3 we currently have. Our ordinance needs to be changed and existing facilities will be required to comply with the new law. The city attorney may want to elaborate, but we feel it necessary to place a four month moratorium on new medical marijuana facilities until we have the understanding of the new law and our ordinances amendments are in place. I would ask that an item be added to your agenda that reads: Approve and authorize a four month moratorium on medical marijuana facilities in the City of Burton.

The Planning Commission will be working on the recommendations for the ordinance changes. Once they have done that, the City Council may want the legislative committee to review before it is put to 1st reading before the City Council. You will get copies of proposed changes as soon as we have them.

You may have seen the media reports of new funding for the water infrastructure. The State of Michigan through MDEQ has approved \$158 million to Drinking Water Revolving Fund for water infrastructure low interest loans. The Federal government is working on \$1 billion for water infrastructure funding. This funding will also be in form of low interest loans.

Chief Epperson asked me to remind everyone the Open house for Fire Prevention week is October 15th 10 a.m - 2 p.m. at all 3 stations.

1. Motion to add as item # 7 to institute a 4 month moratorium on the acceptance of new applications for medical marijuana facilities in the City of Burton.

G. COMMITTEE REPORTS

Mrs. Ellenburg stated the Planning Commission is working on the Master Plan. We are having a Visioning Session at the Senior Center on September 29th from 7-9 p.m. Also if you don't have facebook there are survey's in the back of the room and you can fill them out and we will have Amber put them in the system.

Mr. O'Keefe stated that he has attended two 911 meetings. One was on budgeting and the other was about what is going on in the City of Flint. Also asked the Clerk to put out the new 911 flyers that you can text 911 if you are unable to talk.

Mr. Hatfield has asked to have a Public Access meeting on October 3, 2016 at 6:00 p.m. Would like to get out building permits online so people don't have to call to see if someone has pulled a permit.

Patriot Day Hero was good turnout. Lt. Odette has asked me if Burton Parks and Recreation would like to take over the race. He would still be involved.

1. Motion to add as item # 8 to add GL line item for Training & Membership for Park and Recreation and transfer \$2,000 from GL 1001-6090-938.0000.
