D. AUDIENCE PARTICIPATION

Ellen Ellenburg, County Commissioner stated her name was brought up at the January Council meeting in regards to working elections. I have worked elections for the City of Burton for over 25 years. I feel everybody should work the election to understand the process. I wanted to clarify I would never work an election if it was not legal for me to work. I am able to work an election as long as I am not on the ballot, and I have never worked an election when my name was on the ballot. I know the rules and I follow them. It is my oath as an elected official and a citizen of the United States of America to uphold the law for election process. I know you are discussing elections today. The state of Michigan runs the elections and makes the rules, so to try and go above what the state says is against the law for the city. I will stay for your discussion and hopefully the public will get an explanation since the attorney is not here as to the research that has been done in regards to the state laws for elections and who can work them.

E. COUNCIL DISCUSSION ON THE FOLLOWING ITEMS.

1. Discussion and Possible Action on City Elections.

The Legislative Committee discussed the following regarding the City of Burton Elections:

- Election policies and procedures.

- Election inspector certification.
- Election inspector qualifications.
- Election inspector recruitment.
- Having the City Clerk's Office provide an Election System Flow Chart.

Meeting was adjourned at 11:41 AM.
