E. SITE PLAN REVIEW

Mr. Meiswender from Good Shepard Lutheran Church of Burton stated he is the architect for this project. He is proposing a small addition to the classroom portion of the building. It is 50-60 years old and has been in need of new bathroom facilities for a while. The existing bathrooms were not designed for barrier free/ADA access. He decided to integrate the bathrooms in with a more formal entry way for the church.

Mrs. Abbey stated the administration recommends approval with the contingency that the ZBA approves the delayed installation of sidewalks on July 21, 2016.

Re: 5496 Lippincott Burton, MI 48509

For: Addition to Building

Mr. Burge stated there are currently sidewalks from Belsay Road and Lapeer Road going south to Roberta. He would like to see a performance bond.

Mrs. Abbey stated the Zoning Board of Appeals would make this determination. She can let them know that the Planning Commission is interested in a bond. Typically what they have done in the past is allow the applicant to delay the sidewalks until the adjoining property owners install one.

Mr. Burge would like to wait until after the Zoning Board meeting.

Mrs. Ellenburg stated she agrees with Mr. Burge because other businesses in the past have been required to put sidewalks in and she would like to stay consistent.

Mrs. Abbey stated he would have to install sidewalks on both frontages on Lippincott and Belsay and this will be a significant cost. Also, if the ZBA turns him down, he will need to put the sidewalk in. So, waiting for them to take action doesn't make a difference with the site plan.

Mrs. Ellenburg stated maybe a bike path would serve the same purpose and be more economical.

Mrs. Abbey stated that is something City Council would have to change.

Mr. Johns stated he travels that way frequently and feels requiring a sidewalk at this time would cause an undue burden to the church. He doesn't see people walking on the south side of Lippincott or the west side of Belsay Road.

Mr. Johnson would like to make a motion to table this site plan until next month after the ZBA makes their ruling on it.

F. MASTER PLAN

1. Master Plan

Doug Piggott - ROWE Professional Services Company

Doug Piggott stated there was a mistake in the memo at the May 10, 2016 meeting. The round table meeting with Sharon Woods from Land Use, USA will be on Tuesday, August 23, 2016 not August 22, 2016 as previously stated. We are also proposing to extend the online data collection so we can continue that tool through to the end of the public hearing process. We added some items to the original scope of this project so rather than a 15 month process, we are extending to a 17 month process. We are hoping we can gather more and better input with this extension.

Doug Piggott updated the board on the following:

- Master Plan schedule
- Downtown Development Authority Visioning Plan goals, objectives and implementation
- Parks and Recreation Plan Inventory goals, objectives and general statements

Caitlyn McGoldrick discussed the following:

- Natural Features
- Major identified wetland areas
- Potential wetland areas
- Floodplain areas
- Gilkey Creek watershed management plan goals, objectives and suggested policies

Scott Kree presented the following:

- City of Burton, Genesee County Facebook page
- Social media plan
- Community remarks and Survey Monkey
- Potential survey questions
- Stakeholder and focus group update

Mr. Burge would like to see a city slogan developed as part of the Master Plan process.

Mr. Johnson likes the idea and suggested having a contest.

Mr. Piggott suggested incorporating that into our youth charette.

Mr. Gorang suggested contacting the student council members.

PROJECT NARATIVE

THE INTENT OF THIS PROJECT IS TO RENOVATE THE EXISTING BATHROOMS AT THE GOOD SHEPHERD LUTHERAN CHURCH - LUTHERAN EDUCATION SCHOOL (LES). THE EXISTING BATHROOM FACILITIES ARE IN POOR CONDITION AND ARE IN NEED OF REPLACEMENT. THE PROPOSED BATHROOM DESIGN WILL INCLUDE A 400 SQUARE FOOT ADDITION TO THE WESTERN PORTION OF THE LES. THE EXISTING BOYS AND GIRLS BATHROOMS WILL BE DEMOLISHED TO MAKE ROOM FOR THE NEW FACILITIES THAT WILL BE COMPLETELY BARRIER FREE. THE PROPOSED ADDITION WILL ALSO INCLUDE A REVISED ENTRY TO THE LES THAT INCORPORATES AN INDOOR WATING AREA FOR STUDENT PICK UP. A NEW PRE ENGINEERED TRUSS ROOF WILL BE BUILT AND TIED INTO THE EXISTING ROOF MATCHING THE PITCH AND CHARACTER OF THE EXISTING LES BUILDING. EXTERIOR MATERIALS WILL INCORPORATE SIMILAR CONCRETE BLOCK CONSTRUCTION METHODS WITH A PAINTED FINISH. ADDED BRICK VENEER IS PLANNED FOR ACCENT MATERIAL AROUND THE NEW ADDITION WITH SIMILAR COLOR TO THE EXISTING SANCTUARY. A NEW SIGN IDENTIFYING THE LES ENTRANCE IS PROPOSED TO BE INSTALLED ON THE WEST ELEVATION OF THE ADDITION.

IN CONJUNCTION WITH THIS SITE PLAN SUBMISSION, A VARIANCE IS BEING APPLIED FOR TO NOT CONSTRUCT PUBLIC SIDEWALKS ON LIPPENCOTT AND BELSAY FRONTAGE. SINCE THE CHURCH IS THE ONLY NON-RESIDENTIAL PROPERTY WITHIN THE R1C ZONED RESIDENTIAL COMMUNITY, WE ARE ASKING THAT THE CHURCH NOT BE SUBJECT TO THIS ADDED EXPENSE FOR THIS SMALL RENOVATION PROJECT.

THE PROPOSED RENOVATION PROJECT DOES NOT EXPECT AN INCREASE IN OCCUPANCY OR PARKING.
