John Benthall	Commissioner	Excused	
Kris Johns	Commissioner	Absent	
Robert Johnson	Commissioner	Present	

C. STAFF PRESENT

Amber Abbey, Planning/Zoning Superintendent
Racheal Boggs, Deputy Clerk

D. APPROVAL OF MINUTES

1. Planning Commission - Regular Meeting - Dec 11, 2018 5:00 PM

RESULT:	ACCEPTED [UNANIMOUS]
MOVER:	Kevin Burge, Vice Chair
SECONDER:	Mary Ann White, Commissioner
AYES:	Smith, Burge, White, Johnson
ABSENT:	Johns
EXCUSED:	Gorang, Walton, Benthall

E. APPOINTMENTS

1. Approve and Authorize Deb Walton for Planning Commission Chairperson for January 2019-December 2019 term.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Mary Ann White, Commissioner
SECONDER:	Robert Johnson, Commissioner
AYES:	Smith, Burge, White, Johnson
ABSENT:	Johns
EXCUSED:	Gorang, Walton, Benthall

2. 4140 : Approve and Authorize Kevin Burge for Planning Commission Vice Chairperson for January 2019-December 2019 term.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Robert Johnson, Commissioner
SECONDER:	Mary Ann White, Commissioner
AYES:	Smith, Burge, White, Johnson
ABSENT:	Johns
EXCUSED:	Gorang, Walton, Benthall

F. SITE PLAN REVIEW

1. SPR #18-61

By: Andrew Johnson
5053 S. Court St.
Burton, MI 48509

Re: 5053 S. Court St. Burton, MI 48509
59-11-300-006 / C-2 Zone

For: Addition to Building

Mrs Abbey stated the applicant is not in attendance tonight. She will present the site plan for the applicant. This is an add on to the existing building. A few months ago, you approved him to demo the building and add an additional building on the property. Due to the cost of that project, he has changed his mind. Because of the significant change from the old plan, I did not feel comfortable making the decision to allow it. So, he has applied for a new site plan review: addition to a building.

Mr. Burge stated there is a big drain field there. Will he be redoing the county drain or expanding it at all?

Mrs. Abbey stated the detention basin is already there from when he paved that area. The Genesee County Drain Commission approved it. The area he is building on is already an impervious area. In this particular project, he will not be adding to the

detention at all.

Mr. Burge asked about soil erosion and sediment permits.

Mrs. Abbey said yes, he will have to put in soil erosion measures through the city.

Motion to approve Site Plan Review (SPR #18-61) as written.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Robert Johnson, Commissioner
SECONDER:	Mary Ann White, Commissioner
AYES:	Smith, Burge, White, Johnson
ABSENT:	Johns
EXCUSED:	Gorang, Walton, Benthall

G. ADMINISTRATIVE SITE PLAN REVIEW

1. SPR #18-57

By: Jacob Root
1644 Ford Ave.
Wyandotte, MI 48192

Re: 3525 S. Saginaw St. Burton, MI 48529

For: Medical Office Building

2. SPR #18-58

By: Rob Oda
5004 Rockaway Lane
Clarkston, MI 48348

Re: 4238 Davison Rd. Burton, MI 48509

For: Change of Ownership

3. SPR #18-59

By: Rob Oda
5004 Rockaway Lane
Clarkston, MI 48348

Re: 4199 Davison Rd. Burton, MI 48509

For: Change of Ownership

Mr. Burge asked when someone changes ownership during the administrative site plan review process, can we put restrictions on anything or does it need to be done during site plan review?

Mrs. Abbey stated it really should be done during site plan. The administrative site plan is limited on what you can force a property owner to do. If it was a requirement, we can make them do it. Since it is not a requirement but rather what that particular place chose to do, the Planning Commission would have to add that during their site plan review. I don't have any right to make that decision through the administrative approvals.

4. SPR #18-60

By: Don & Molly Sherman
1268 N. Belsay Rd.
Burton, MI 48509

Re: 1268 N. Belsay Rd. Burton, MI 48509

For: New Trailer Sales

Mr. Burge asked if the city will keep an eye on the trailer sales at 1268 N. Belsay Road. The trailers are very close to the edge of the road.

Mrs. Abbey stated she noticed that and will have a conversation with him about encroaching.

H. AUDIENCE PARTICIPATION

None.

I. BOARD RECOMMENDATION AND/OR ACTION

Mrs. Abbey stated regarding the new KFC at 1195 Belsay Road, the elevations at the front of the property were not done correctly. So, when they anticipated that they were going to put a sidewalk from the existing sidewalk to the building, the elevations were thought to be flat and they are not. The sidewalk cannot meet ADA requirements if they put it in today. They will have to modify it or get rid of it. They are requesting to take it off the site plan completely. It is not required by our ordinance; just something they put on the plan themselves. Otherwise, it will need reengineering which will include a retaining wall and be quite awkward. I recommend we allow them to remove the sidewalk completely.

Ms. White asked if there will be steps from the parking lot to the building without the sidewalk.

Mrs. Abbey stated the sidewalk was coming from the road.

Board discussion regarding the sidewalk, handicap parking and review of pictures of the area provided by the applicant.

1. Motion to bypass the sidewalk in the original site plan for the KFC located at 1195 Belsay Road.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Robert Johnson, Commissioner
SECONDER:	Vaughn Smith, Councilman
AYES:	Smith, Burge, White, Johnson
ABSENT:	Johns
EXCUSED:	Gorang, Walton, Benthall

J. BOARD DISCUSSION

Mr. Burge stated the medical center on Center and Lippincott is looking really nice. We were all a part of that and many other great things that happened within the city in 2018. I would like to see more businesses come into Burton and fill up some of our vacant buildings in 2019. Around six months ago, I brought up the idea of a pay increase for Board Chair and Co-Chair people for our various boards in the city. The City Council acted on that last night and it was approved unanimously.

Ms. White would like to thank the City Council for approving the increase.

Mr. Smith will relay that to the City Council. He would like to know if there is any truth to Costco coming to Burton. He has been receiving phone calls about it.

Mrs. Abbey stated absolutely not. This came up at ZBA also. I have never spoke with anyone regarding Costco coming to Burton. From what I understand, this came from a disgruntled Lowe's employee who put it on social media and it went wild from there. I have received calls from every news station and newspaper. There is zero truth to it. I would love if it were true but unfortunately, it is not.

Mr. Smith stated he handles the phone at the Chamber of Commerce. I had a call come in inquiring about Kings Lane Apartments. I directed them to the DPW. Did he ever call you?

Mrs. Abbey stated I have received several inquiries in the last month about Kings Lane Apartments. They must be selling it because people have come in and looked at the building files.

Mr. Burge would like to know when the ordinance books will be ready.

Mrs. Abbey stated I was under the understanding that American Legal Publishing was updating them and that's what I was waiting for. I discovered that they still aren't done so, I will update them and get them out to you.

Mr. Burge wants to know if recreational marijuana is going to be worth it for us.

Mrs. Abbey stated there is benefit to anyone occupying a vacant building for the city and there is revenue in the license but will these facilities cause more headache than they are worth? No one can answer that question because it hasn't happened yet.

Mr. Burge stated this could be a lot of money. We need some ordinances on it. It's in the news everyday and we don't know what's fact or fiction.

Mrs. Abbey stated the state is still slowly issuing licenses for recreational.

Meeting was adjourned at 5:30 PM.

For: Construction less than 2% - Detached garage for storage only

G. AUDIENCE PARTICIPATION

Nathan Riddle of Burton would like to know if the local schools have been informed about this Special Use application. Bentley School Board is unaware this is being proposed. I assume the same is true for Genesee Christian. These schools are very close to this location. I don't know the distance requirement from schools.

Mrs. Abbey stated Bentley School is 1,400 feet away and Genesee Christian is about 1,100 feet away. The requirement is 1,000 feet. This is measured from a parcel ID map which shows the distance from property line to property line. We are only allowed to send out notification to everyone within 300 feet. We also post a legal notice in the Burton View 15 days prior to the meeting.

Mr. Riddle would like the Planning Commission to notify the schools.

Mrs. Walton stated it is not the job of the Planning Commission to notify them. It is up to the administration to do the notifications but only within 300 feet.

Mrs. Abbey asked Mr. Riddle to please encourage the School Board Members to come to the meeting on March 12, 2018 at 5:00 PM.

H. BOARD DISCUSSION

Mr. Burge asked if we have heard anything about Southmoor.

Mrs. Abbey stated they did a rezoning.

Mr. Burge asked about the 4000 block of Davison Road. The houses are gone and the business is for sale again. Has he dropped his plans?

Mrs. Abbey said no. His license was approved. I talked with him a couple weeks ago and he is still working with the state.

Mr. Burge asked about the traffic study specifically the de-acceleration lanes on Davison Road near General Motors.

Mrs. Abbey stated they are doing the finalization currently and it should be ready for the Planning Commission to see the final configuration at your next meeting.

Mr. Burge asked if they are putting the lanes in.

Mrs. Abbey said yes. Those lanes were always intended. The de-acceleration lanes were part of the original site plan. They are required and going in right now. There are also more proposed changes that will help with the traffic congestion.

Mr. Smith asked what impact the recreational marijuana will have on the city.

Mrs. Abbey stated we have started getting some ideas together for what we as a city want to do for recreational marijuana as far as the acceptance of it. It is likely we will move forward with it. It's just a matter of what we will include in it and problems we had with the original ordinance that we may want to address. I have reviewed the law and recommend everyone look at it and see if you have ideas ahead of time before we put it in a draft form. If you see anything that is problematic for recreational that maybe wasn't problematic for medical, let us know.

Mr. Burge asked because it's recreational, can someone without a card go into these places? I would like to see the inside of one.

Mrs. Abbey said if and when we accept recreational and it is official, then yes.

Discussion regarding marijuana businesses allowing people to come in, State of Michigan laws and security measures.

Mr. Smith stated some governmental entities have chosen not to do the recreational side. Does the county determine this?

Mrs. Abbey stated not for us. In townships, the county sets the zoning in some cases; if they don't have their own Planning Commission, they can opt to use the county board. We have our own board, we set our own rules and the county doesn't override us.

Mr. Smith said he is looking for a cost-benefit analysis; why they are choosing not to participate so we can make a more informed decision as a Planning Commission.

Mrs. Abbey said that's the information we are going to find out. There aren't a lot of examples in Michigan that have opted in or out of recreational yet. This will be a process. We have one year from the date of the enactment of the law (December 6th) before the State of Michigan starts accepting licenses for the facilities. We have this year to work out the details.

Mr. Johns asked if the same protocol regarding the 300 foot requirement is used for places serving alcohol.

Mrs. Abbey stated the special use is what requires that. If it's a permitted use, there is no notification requirement. In this particular case, the reason for the Public Hearing and the notification is because this particular use requires a special use approval.

Mr. Johns stated there is no formal outrage to the effects of alcohol which to me is far more detrimental than marijuana. This is an interesting dichotomy between the two; what is real and what is perceived in terms of the public health effects.

Mrs. Abbey stated this is state law. If the state didn't do it this way then you wouldn't see municipalities doing it this way either. The comparison can't be made because these are two different uses in the state's law.

Mr. Gorang asked how many marijuana facilities we have in Burton.

Mrs. Abbey said we have eight provisioning centers.

Mr. Smith asked about the limit of marijuana facilities per population.

Mrs. Abbey stated the municipality would have to set a limit and we did not. There was no data to decide. What we did instead was set the distance requirements. By doing that, that's what sets the number. As long as the Zoning Board isn't issuing variances, it should work.

Mr. Burge asked if we have any grow facilities that are in production.

Mrs. Abbey said no. The state hasn't approved any in our jurisdiction. We have some that have applied and they are still waiting.

Mrs. Walton encouraged the Planning Commission to gather thoughts and ideas about this and bring them to the administration.

Mr. Smith asked what kind of input the City Council will have on this.

Mrs. Abbey stated they have final approval of ordinances. Council has two opportunities (first and second reading of an ordinance) to dive in and work out what they want to see and what they don't want to see in the ordinance. They are also welcome to come to any Planning Meeting and be a part of the conversation from the beginning.

Mr. Burge asked, What happened to the pay increase for the Chair people of Committees?

Mr. Smith stated he asked Mr. Hayman a couple times.

Mrs. Abbey asked if the City Council acted on it and approved it.

Mr. Smith said, yes but that was months ago and Mr. Hayman wasn't sure about the procedure and he had to check on it.

Mrs. Walton stated she was absent at the last meeting. In the minutes under board discussion regarding the Central Business District Overlay, Mr. Smith made a statement about not meaning to "downgrade" anyone. She feels as though this was a slam to her and should have been addressed with her personally. The ordinance was passed, so why bring it up again?

Mr. Smith said, I am sorry you felt that way. It was not my intent. I represent the Planning Commission to the City Council. It is my job to relay to them the information we cover in the Planning Meetings. Planning voted for the ordinance 7-0. There were side-bar discussions going on within the council that I knew nothing about and I wasn't sure it was going to pass. No one should be talking to the council without me being aware of it so I am prepared when things like this come up. It will make me more effective representing this body.

Discussion continued about the Central Business District Overlay Ordinance, having conversations with City Council that impact legislation and the role of the Planning Commission Council Representative.

1. Master Plan Update

Mrs. Abbey stated a public service announcement went out to the businesses on Saginaw Street and Center Road last Friday to remind them that they are responsible for sidewalk clearing during snow events. It talked about the City Master Plan and

pushing snow into the public right of way. Our implementation plan is on the wall in my office and as we do things, I am highlighting them. We are moving forward with the implementation of our Master Plan through these different actions.

Mr. Burge stated we don't have ordinances for moving snow into the right of way or blowing grass into the street.

Mrs. Abbey stated there is not. If there was, it would have to be a Police enforced ordinance because they would have to be caught in the act. Zoning ordinance violations are hardly ever caught in the act. The council may want to look at doing this through Legislative not the Planning Commission.

**THE NEXT REGULARLY SCHEDULED MEETING WILL BE HELD ON TUESDAY,

Re: 5053 S. Court St. Burton, MI 48509
59-11-300-006 / C-2 Zone

For: Addition to Building

COMMENTS - Current Meeting:

Mrs Abbey stated the applicant is not in attendance tonight. She will present the site plan for the applicant. This is an add on to the existing building. A few months ago, you approved him to demo the building and add an additional building on the property. Due to the cost of that project, he has changed his mind. Because of the significant change from the old plan, I did not feel comfortable making the decision to allow it. So, he has applied for a new site plan review: addition to a building.

Mr. Burge stated there is a big drain field there. Will he be redoing the county drain or expanding it at all?

Mrs. Abbey stated the detention basin is already there from when he paved that area. The Genesee County Drain Commission approved it. The area he is building on is already an impervious area. In this particular project, he will not be adding to the detention at all.

Mr. Burge asked about soil erosion and sediment permits.

Mrs. Abbey said yes, he will have to put in soil erosion measures through the city.

Motion to approve Site Plan Review (SPR #18-61) as written.

Re: 4199 Davison Rd. Burton, MI 48509

For: Change of Ownership

COMMENTS - Current Meeting:

Mr. Burge asked when someone changes ownership during the administrative site plan review process, can we put restrictions on anything or does it need to be done during site plan review?

Mrs. Abbey stated it really should be done during site plan. The administrative site plan is limited on what you can force a property owner to do. If it was a requirement, we can make them do it. Since it is not a requirement but rather what that particular place chose to do, the Planning Commission would have to add that during their site plan review. I don't have any right to make that decision through the administrative approvals.

Re: 1268 N. Belsay Rd. Burton, MI 48509

For: New Trailer Sales

COMMENTS - Current Meeting:

Mr. Burge asked if the city will keep an eye on the trailer sales at 1268 N. Belsay Road. The trailers are very close to the edge of the road.

Mrs. Abbey stated she noticed that and will have a conversation with him about encroaching.
