D. BOARD DISCUSSION

1. Medical Marijuana Law review

Mrs. Abbey stated this workshop is to discuss the Zoning laws and the State of Michigan Medical Marijuana Law and enforcement. The State doesn't have their administrative rules yet. December 15, 2017 they will be operating under emergency rules. The official rules will come later. So depending on what the State Laws will be, we may need to change things on our end. We don't want to have an ordinance that violates State Law. This ordinance would be for commercial only. We have distance requirements that will limit the number of business's coming in, but we could still put a limit on the number or not allow them at all. They would have to be 1,000 feet from any church, school, daycare, public park and 500 feet from each other. We could allow co-locating. This would allow Grow Facilities, Processing Centers and Provisional Centers on one property and we could charge each business the license fee. We can charge each individual facility up to \$5,000 per year for licensing with renewals fees. Site plan approvals would be good for one year. Provisioning Centers are the only place that retail sales would happen. The fee will be determined by Council. The Public Hearing will be held tomorrow night at our regular meeting in the Council Chambers at 5:00 PM.

Minutes Acceptance: Minutes of Nov 13, 2017 10:00 AM (APPROVAL OF MINUTES)

Board discussion on the following:

- House Bill 4209, Medical Marihuana Facilities Licensing Act
- House Bill 4210, Michigan Medical Marihuana Act (MMMA)
- House Bill 4827, Marihuana Tracking Act
- House Bill 4209, Provisioning Center, Grower, Processor, Safety Compliance Facility and Secure Transporter Licenses
- Licensing Process, Issuance & Renewal
- Application Fee and Eligibility
- Licensing Board responsibilities and Advisory Panel created within LARA
- Medical Marihuana Excise Fund
- Inventory Control & Tracking System
- Municipal Ordinance

Meeting was adjourned at 12:15 PM.

D. PRESENTATION

1. Master Plan Public Hearing

By:

Re:

For:

Doug Piggott from Rowe Engineering explained the process of the Master Plan.
Items discussed were:

- Analysis of the community.
- Looked at all of the different committee's Master Plan.
- Wide range of public engagements including focus interviews, visioning sessions, workshops, open houses and online surveys.
- Reevaluated for new goals, objectives and priorities.
- Citizen Groups.
- Made a Strategic Implementation Plan.
- Market Studies.

Minutes Acceptance: Minutes of Dec 12, 2017 5:00 PM (APPROVAL OF MINUTES)

Mr. Piggott said, the future land zoning plan recommended the merging of three of the residential zoning classifications. Also recommended was a proposal for an overlay zone to correspond with the DDA District to help implement the recommendations of the DDA's Plans Vision of encouraging more of an urban feel along those corridors. The strategic plan recommends that, in the first year, a one stop web page be developed for businesses wishing to relocate in the City. This would be done by the City's IT staff, working together with the Chamber of Commerce. We would then develop a plan for marketing.

I. BOARD DISCUSSION AND OR ACTION.

Mrs. Walton thanked everyone for all the hard work the put into the Master Plan.

Mr. Johnson thanked all of the participants and City employees for their participation.

Mrs. Abbey stated, I would like the map zoning designations broken down on the map to make it easier to read. When a zoning change comes before the board, you're going to refer to the future land use map. It needs to be clear to you what the intention of the future land use was. When people are doing planning developments they will also look at the future land use map. I think the mobile home park and the general industrial colors are too similar. It is hard to tell the difference between the two. Since we started this 20 months ago, City Council has made two zoning changes to C-2 zone. I feel this should be a reflection on the future land use map. The Southmoor Golf Course was rezoned to a general business and the property just to the south of that was rezoned. There are also subdivisions such as Burton Estates, Spring Gardens, Mallard Ponds, Maple Creek and Trail Village that are not on this map.

The board liked the maps on shiny paper vs regular paper.

Mrs. Walton said under the acknowledgements page of the Master Plan under the City Council, I would like to add Danny Wells. Also, I would like Steve Hatfield added under Past Member.

Mr. Burge said I would like to thank Rowe for everything they have done for us and all the people that gave their input.

Mr. Gorang said we need to be sure this plan is looked at and reviewed periodically.

Mrs. Abbey stated we will be adding this item to the agenda every month for discussion.

Mr. Piggott said we will make revisions based on the comments that were made tonight and

create a second draft of the plan to present to Council for their approval. If the Council approves that plan, a copy will be sent out to all the surrounding jurisdictions, provided to you. Additional copies will also be available to view on your website.

Mrs. Walton said we would like to present this Master Plan to the Council at their January 18th, 7 p.m. meeting.

Ms. White asked if anyone found out if the tanks were pulled from the old gas station on Davison Road, where the car detailer is now. If the tanks are still there will that fill up with water will that make a bigger problem down the road with trying to alleviate all the mud that comes onto Davison Road?

Mrs. Abbey stated I do know that the ZBA gave them the requirement that they will have to pave it by June. The drainage plan will have to be approved by the County Drain Commission. At that time, they may check for underground tanks. I don't know if we would have any records of them being removed but I will see what I can find. We would not have any records before 1972, when we became a City. There are many facilities that have underground tanks and they don't find them until they do construction. We do have an ordinance now that would require removal of tanks.

1. Motion to adopt the resolution for the City of Burton's new Master Plan.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Kevin Burge, Vice Chair
SECONDER:	Robert Johnson, Commissioner
AYES:	Smith, Burge, Gorang, Walton, Benthall, Johns, White, Johnson

2. Approve and authorize Deb Walton for Planning Commission Chairperson, January 2018-December 2018 term.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Robert Johnson, Commissioner
SECONDER:	Tom Gorang, Commissioner
