

CITY OF BURTON

ZONING BOARD OF APPEALS

OCTOBER 17, 2019

Council Chambers

Regular Meeting

5:00 PM

**4303 S. CENTER ROAD
BURTON, MI 48519**

ATTENTION APPLICANT:

In order to prove you are entitled to a variance, you should be prepared to show how your property meets the conditions listed:

1. The difficulty must be unique to your property and not generally shared by others in the same zoning district, and would constitute a hardship.
1. The variance will not adversely affect the public health, safety and welfare, or be contrary to the spirit and intent of the Ordinance.

The burden of demonstrating that the above conditions exist on your property falls on you, the applicant. The Zoning Board of Appeals will not argue or present your case for you.

A. PLEDGE OF ALLEGIANCE

B. CALL TO ORDER

C. STAFF PRESENT

D. APPROVAL OF MINUTES

1. Zoning Board of Appeals - Regular Meeting - Jul 18, 2019 5:00 PM

E. VARIANCE

1. ZBA#19-13

By: Daniel Peake
2111 Delaney St.
Burton, MI 48509

Re: 2111 Delaney St. Burton, MI 48509
59-03-300-040 R-1B Zone,

For: To construct a 4' chain-link fence in the front yard, objection received from
adjoin property owner.

Daniel Peake from Delaney Street stated I would like to put up a 4 ft. chain link
fence from the front of my house, where the privacy fence stops and out to the end
of the property line.

Cheryl DuShane from Delaney Street and neighbor of Mr. Peake's, said if the fence is

there it will be very hard for me to mow my lawn. My property at the end is slanted, which makes it even harder for me next to a chain link fence.

Mrs. Abbey stated we are not here to decide on a variance. You are only deciding on whether or not he can have the fence. Our ordinance states that when a fence goes into a front yard we notify the adjoining property owners. We received one objection back from Cheryl Dushane. What the board needs to decide on is if this fence is appropriate for this area. Properties are small and tight in this neighborhood.

Mr. Rapacz asked Mr. Peake, do you plan on encircling your front yard or just run down the property line and what is the reason for the fence.

Mr. Peake stated eventually I hope to encircle my front yard, but for now I would just like to run the fence down the side yard. I want to put this up to slow the foot traffic through there and keep stray animals out.

Motion to construct a 4' chain-link fence in the front yard, objection received from adjoin property owner.

RESULT: WITHDRAWN

2. Motion to allow a split rail fence on the north, side property line only.

Mrs. Walton stated when you own property and you have other people who were approved cyclone fences in your neighborhood, I do not think it is right to not allow it for another person.

Mrs. Conley stated she agreed with Mrs. Walton.

Motion to allow a split rail fence on the north, side property line only.

RESULT: FAILED [3 TO 4]
MOVER: Scott Hynes, Commissioner
SECONDER: Tim Rapacz, Commissioner
AYES: Jones, Hynes, Welch
NAYS: Conley, Rapacz, Walton, Fuhst
EXCUSED: Ward-Terry, Richvalsky

3. Motion to construct a 4' chain-link fence on the north side property line only, objection received from adjoining property owner.

RESULT: CARRIED [5 TO 2]
MOVER: Deb Walton, Commissioner
SECONDER: Christina Conley, Council Representative
AYES: Jones, Conley, Walton, Welch, Fuhst
NAYS: Hynes, Rapacz
EXCUSED: Ward-Terry, Richvalsky

4. ZBA #19-14

By: Allen Automotive, LLC.
 2447 E. Judd Rd.
 Burton, MI 48529

Re: This is not a specific property request. The request is for the City as a whole.

For: An interpretation of the zoning ordinance as it relates to the distance requirements under the commercial medical marijuana facilities portion of the ordinance.

Chris Stritmatter from Davison stated (and David Allen, Owner of Allen Automotive spoke) this is the second time we have been in front of this board. Originally, we asked for a variance concerning this property use for medical marijuana and the distance from the high school and the other building south of it. We are asking for an explanation as to how the spirit and intent of the zoning ordinance is met by when his variance was denied for that. He is zoned in a perfect spot. It is made for industrial use in that area. Facilities have been approved near it. It doesn't help an automotive business as the properties around it are continuing to be approved for this type of business. The distance between his property and the school is completely wooded and fenced. Mr. Allen would actually prefer to relocate his automotive business but the only people that have been interested in his building are these marijuana growers.

Thomas Panek from 2457 E. Judd said he is in support of this variance.

Mrs. Abbey stated the City of Burton has had a medical marijuana ordinance in place since 2010. Since that time, we have used property line to property line to measure out distances. We have not changed that and anyone who wished to appeal that came before the Zoning Board of Appeals. Each individual case was taken into consideration and decisions were made. If you change the way we have been doing things by changing the way this distance is measured, you will essentially change this city as a whole not his individual property. You will not be protecting the intent of the ordinance which is absolutely to protect uses not buildings or the way that the road is traveled. Two properties could share a property line without actually sharing road frontage. If this was approved and changed then you would open the city up to some very significant problems when it comes to distances. It takes that completely out of my hands and uses a measurement other than what we have been using for the last 9 years. Most recently we have divulged into the recreational marijuana ordinance requirements and through that text change we have 100% cleared up this language for the location limitations to say from property line to property line. This is not an effective ordinance so if the board decides tonight to use the traveled road as the way it is measured then we would have to edit that language.

Mrs. Walton, Chair of the Planning Commission, said we have worked very hard on this. We felt that property line to property was the best way to go. We did not make this decision lightly, we made this decision with our residents in mind.

Motion to confirm the interpretation of the zoning ordinance by the administration and to make no change as it relates to the distance requirements under the commercial medical marijuana facilities portion of the ordinance. The distance requirement will stay from property line to property line.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Scott Hynes, Commissioner
SECONDER:	Don Jones, Alt. Commissioner
AYES:	Jones, Conley, Hynes, Rapacz, Walton, Welch, Fuhst
EXCUSED:	Ward-Terry, Richvalsky

5. ZBA #19-15

By: Doris Dell
4243 Keene Dr.
Burton, MI 48519

Re: 4243 Keene Dr. Burton, MI 48519
59-34-551-045 R-1B Zone,

For: To conduct an M-1 special use in an R-1B Single Family Residential zone to allow more than 2 adult dogs.

Doris Dell from Keene Drive, read a letter from her doctor stating that he is prescribing an emotional support animal that will help Doris. She meets the definition of disability under the Americans Disability Act. Due to her mental illness, Doris has certain limitations regarding anxiety, grief response and PTSD. Ms. Dell said my daughter died three years ago and her three girls live with me. One of the girls has traumatic brain injury and is in a wheelchair. The bus stops at the end of my driveway to pick her up. The neighbor parked her car almost on the property line, so the bus cannot come in completely to pick her up. They have to pick her up in the middle of the road where it is muddy. The neighbor has also adjusted my security light on my porch. This light shines down on our handicap ramp. The light does not shine in their window.

Betsy Snyder from Howe Road, stated she has lived next door to Ms. Dell for over 30 years. Three of the dogs they have come with the three grandkids that moved in to Ms. Dells home. There is a total of four dogs, two cats, 5 people. One person is very handicapped and one is elderly. This is in a home that is a little over 900 sq. ft. with very little property. They do not leash their dogs and scream for them to come in day and night. They have no fenced in yard so they walk them on Consumers property and probably do not clean up their droppings. The dogs pee on my fence. I don't feel I should have to live this way. The law is there to protect not only us but the community. It is there to protect our mail carriers, delivery people, the garbage men, you next door neighbor, the kids riding bikes, the bus drivers that let the kids on and off the bus.

Larry Snyder from Howe Road said he did not park in her driveway, he parked in front of his house. They do not leash their dogs.

Heather Allen from Howe Road stated we should only be allowed two dogs. We have small homes and the yards are not fenced. If you add to the number of dogs allowed, that's where hoarding starts.

Tammy Dell from Bristol Road said I don't see any reason they cannot have a light shining on their ramp.

Mrs. Walton asked if the dogs have ever bitten anyone.

Ms. Dell stated no.

Mrs. Abbey stated this is a variance for dogs only and all other concerns need to be addressed through the Police Department. Our code enforcement officer received a complaint about the number of dogs they had. He advised them to remove the extra dogs or apply for a variance. They applied for a variance and that is why we are here today. Their request says they have three dogs but they currently have four. The administration is going to leave this decision to the board.

One of the ladies that lives in Doris Dell's home stated, I have recently moved out with my dog.

Mrs. Abbey said the request for the variance has gone from four dogs down to three dogs.

Mr. Hynes stated the cards that we received were issued in July. I also googled them and it was for an ad. I question the validity of the cards. I do not question the validity of the doctors note. We have some upset neighbors here and I wish they would handle it in a neighborly manner. However, I am a firm believer that if we have neighbor objections, we need to stick to the ordinance.

Motion to conduct an M-1 special use in an R-1B Single Family Residential zone to allow more than 2 adult dogs with the following stipulations:

1. To allow for 3 dogs at this time.
2. Must reapply for the variance every 2 years.
3. When the number of dogs goes down to two, there will be no replacement of a third dog. At this time, they will only be allowed to have two dogs as the ordinance states.
4. They must show proof of all dog licenses to the city every year. Failure to do so, will result in the loss of the variance.

RESULT:	FAILED [4 TO 3]
MOVER:	Deb Walton, Commissioner
SECONDER:	Christina Conley, Council Representative
AYES:	Jones, Conley, Rapacz, Walton
NAYS:	Hynes, Welch, Fuhst
EXCUSED:	Ward-Terry, Richvalsky

F. BOARD DISCUSSION

Mrs. Walton spoke regarding the building that Lowes on Court Street was in. On the radio station it was stated that Costco was going to go in there but because of our administration and council they have decided not to. My question to the administration is, have you ever heard from Costco in any way?

Mrs. Abbey stated I can only speak for myself as the superintendant of Planning and Zoning. I have not spoken to Costco and I am not aware of anyone else who has.

Mrs. Conley stated people with big businesses are going to come here because of the business, population, expressways and location.

The next regularly scheduled meeting will be held on Thursday, August 15, 2019, at 5:00 p.m.

E. VARIANCE

1. ZBA #19-16

By: Eric Hubbard
3349 E. Hemphill Rd. Burton, MI 48529

Re: 3349 E. Hemphill Rd. Burton, MI 48529
59-28-528-199 / 59-28-528-203 (Must be combined) R-1C Zone,

For: To convert an existing house into an accessory structure that will cause the

accessory structure to be closer to the road than the house and will create three detached accessory buildings, only 2 allowed.

Eric Hubbard from 3349 E. Hemphill Road said this old house has been there probably since 1920's and it does not impede the view. I would like to make this into a shed and combine my property taxes.

Mr. Richvalsky asked if walls would be torn down, if electrical and heat would remain there and was concerned about weight bearing walls and roof being compromised.

Mr. Hubbard said he will probably leave one bedroom there, for storage. It is not hooked up to Consumers right now. I will have them cut and cap it. There will be no heat or electric to the garage.

Mrs. Abbey stated it will be inspected properly and a permit would have to be pulled. At some point Mr. Hubbard purchased the property to the west of him. His intention is to convert the home into a garage, combine the parcels and make that an accessory structure versus it being a single-family residential home. As far as the city is concerned, it is in line with the other houses along the road. The administration recommends approval with the following conditions, that the portion of the building that faces the road either be a garage door or a solid wall. The front of the building needs to look like a garage, not a home.

Mr. Rapacz asked if the city would be losing out on revenue if he combines the two lots.

Mrs. Abbey said it will no longer be a single-family residential home so yes, there would be a loss. But if the house continues to deteriorate and you demo it, you're a complete loss.

Motion to convert an existing house into an accessory structure that will cause the accessory structure to be closer to the road than the house and will create three detached accessory buildings, only 2 allowed with the stipulation that the front door be removed so that it looks like a garage on the outside, the portion of the building that faces the road will either be a garage door or a solid wall.

By: Starlite Coney Island / Bill Carr Signs
4125 E. Court St.
Burton, MI 48509

Re: 4125 E. Court St. Burton, MI 48509
59-10-300-006 C-4 Zone

For: To construct an addition to the sign that will be 32 sq ft more of signage than the previously approved 119 sq ft.

Jamie Elfstrom from Bill Carr Signs stated this sign would be an LED, lighted sign. It

would dim at night and would be brighter during the day. The main time it would be on is from 7 AM to 10 PM.

Jason Hester from Starlite said the sign would be more visible especially in the winter weather.

Mrs. Abbey said these electronic signs that show daily specials are much better than the changeable letter signs. If we need to give them a little more square footage in order for them to have a nice, clean look, I would recommend approval.

Motion to construct an addition to the sign that will be 32 sq. ft more of signage than the previously approved 119 sq. ft.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Scott Hynes, Commissioner
SECONDER:	Christina Conley, Council Representative
AYES:	Jones, Conley, Hynes, Rapacz, Welch, Richvalsky, Fuhst
EXCUSED:	Walton, Ward-Terry

3. ZBA #19-18

By: Bill Dwyer
P.O. Box 514
Oxford, MI 48371

Re: 2136 E. Buder Ave. Burton, MI 48529
59-32-503-228 R-1C Zone

For: To conduct an M-1 special use in an R-1B Single Family Residential zone to allow more than 2 adult dogs.

Bill Dwyer from Oxford stated he is Patrice Gulecki and Joel Savela's landlord. They moved into this property and they have four dogs. Three of the dogs are very small, about 4 to 5 pounds each. These tenants have been cleaning up the property and improving the property. They pay on time and are responsible. I would like to see them be able to stay there.

Patrice Gulecki of 2136 E. Buder said she suffers from depression, panic attacks, PTSD and anxiety. My dogs help me with that. The oldest dog is 5 years old and the other three dogs are four years old. Three of them are Italian Greyhound mini Pinschers mix and the oldest is a Pitbull and hound mix.

Joel Savela of 2136 E. Buder said we moved into the home in February. We came from a mobile home park and the dogs are not used to their surroundings yet. I am handicapped and have PTSD, anxiety and ADD. The dogs really help us with our health problems.

Mr. Welch read the letter from Mrs. Gulecki's Doctor stating that her dogs benefit her mental health.

Mr. Savela stated they never let their dogs bark for more than ten minutes at a time. They are in training with special needs dogs so that we can get the certificate for that. The training would be at least another four weeks. Our compromise would be to continue to train the dogs and not let them out in the yard for more than five minutes and to quiet the dogs down. I will work with Mr. Wells on this. We cannot

afford to move.

Jay Wells of 2140 E. Buder stated since they moved in next door their dogs have drove me to the edge of insanity. They started with five dogs. Now they have four dogs that do nothing but bark constantly. I have tried to reason with them and tried to ignore it for the first three months in the hopes that he would work with the dogs and with me. I offered many solutions that were ignored. They even put a magnetic door on so that the dogs could go in and out whenever they wanted. I can't even play ball with my dog in my own back yard because there is too much distraction. My dog doesn't bark. There have been many instances where they have sent me threatening texts and I have six police reports on them for disturbing the peace and damage that they have caused to my house and property. They have also intentionally sprayed water from their hose into my back window. They haven't tried to work with me from the beginning. They have been there since February and they are not training their dogs. It is the responsibility of the landlord to know what the code is. He put them in that house without checking the codes and has created a hostile environment for me to live in.

Racheal Boggs of McLean Street stated I live on the next street over from 2136 Buder. I received something in my mailbox encouraging people to come because of the noise. I often hear the dogs and the fighting. It is loud and annoying even to the people on the next street over.

Mr. Welch stated you also have four dogs and only two dogs are allowed by our ordinance.

Mr. Dwyer said he has offered to let these tenants out of their one-year lease early if necessary.

Mr. Richvalsky stated I think two dogs are enough for the psychological and mental health of the applicants. This are too many dogs for that space.

Mrs. Abbey stated the Code Enforcement Officer received a complaint in June 2019 regarding the dogs and placed a notice in their door. The property owner contacted us. We went over their options and the tenant applied for the variance. It is the landlord's responsibility to check the ordinance as well as anyone else that is planning on moving into the City of Burton. It is usually the people who are the property owners who are requesting the variance. One contingency point that I want to make is that if this variance is approved, do not approve it in general because it would go with the property. What you decide could affect that home forever, the variance would go with the property. I ask that, if approved, a contingency be placed that it would be specifically allowed for these two people only. That way, if the move out, the variance will not go with the property.
